

Company events – activities

Connect and create lasting memories. Engage in adventure experiences, not only amidst the mountains, that will unite everyone, inspire motivation, foster teamwork, and enhance the spirits of your employees, business partners, and clients.

Our activities are meticulously crafted to solidify team bonds, forging close and warm relationships among colleagues. Throughout winter and summer, we offer a wide array of options to customize the program according to your preferences and concepts.

During the summer months, you and your colleagues can explore numerous hiking trails, not only by foot, but also by mountain bikes or the increasingly popular e-bikes. In winter, team sledding or cross-country skiing ventures provide delightful fun. And after these exhilarating activities, relish our luxurious Wellness area on the rooftop terrace, boasting panoramic mountain vistas. We are confident that this fusion of activities will delight the entire team and exceed your expectations.
